**Subject:** Planning Board's Question Regarding the Adoption of Act 537 Plan

Dear Supervisors Luhrs, Hendricks, and Williams,

At the Planning Board meeting held on January 25, 2022, Members discussed that HRG had sent the Act 537 Plan to DEP, and then they didn't correct it. Making a Solicitor review a document, which is specific to this Township, would cost several thousand dollars. The original contract has the scope of work, the well testing and meetings with the public should be in it, and it needed to be looked at. DEP wants to have meetings with all four Municipalities in the library or somewhere, HRG says it's not in their scope of work, and they would charge to attend those meetings. HRG would also charge for answering the questions.

Members also discussed that it's hard to attend HRG's meetings, which are scheduled for once a week at 9:00 A.M. in the morning, and Mr. DiLorenzo could be the alternate to represent this Township. The representative of DEP had spoken about the Act 537 Plan at one of the meetings that were held by HRG, and that representative had said that this Township had adopted the Act 537 Plan, as in order to file HRG's documents, Townships are required to adopt this Plan through a resolution. On the other hand, the Board of Supervisors had said at one of their meetings that this Plan was not adopted, and the resolution was just for moving this Plan forward to the DEP for their review.
